Minder Gaillard, colored, has been acting very peculiar lately, and Monday afternoon she was on the street bowing to the electric light poles and acting in a way to lead the officers to believe she was crazy, so she was locked up. The officers then went to her house to get her husband, Calvin, to sign an affidavit stating that she was crazy, and on their arrival at the house, they found Calvin was also crazy so he was placed in jail. Calvin did not have any poles to bow to, so he proceeded to eat the grass in the yard as if he were an ox. Both will go to the asylum.

### \$1.00 A BUSHEL FOR CORN

We have been asked by a great many farmers to extend the time for taking corn on subscriptions to The Times that we have decided to accept the corn through the month of March. So any one wishing to take advantage of our co-operative offer can bring us corn for the net 30 days, and we will allow them \$1.00 per bushel on the subscription price of The Times.

Remember farmers the column headed "Farmers Exchange" is for your use and it is absolutely free. Now is the time to get your county paper without paying out any cash. This being a political year everybody should take the county paper to keep up with the politicians. Bring your corn to The Times office and get a receipt for a year or more to the best weekly paper in the state. Every two bushels of corn means a years subscription. Bring as many bushels as you like there is no limit to the amount of corn we will take.
